## Adopt-a-Stop Program

### What is Capital Metro's Adopt-a-Stop Program?

- A partnership between the community and Capital Metro which seeks to ensure that riders have an enjoyable experience.
- Local organizations and businesses can participate by adopting a Capital Metro bus stop in their area and assisting in keeping our community clean and safe.
- Download an application at: [www.capmetro.org/riding/adopt\\_a\\_stop.asp](http://www.capmetro.org/riding/adopt_a_stop.asp)

### Adding a unique touch to your adopted stop:

Participants can add a unique touch to their stops by incorporating personalized elements that reflect their character.

- **Landscaping:**  
Some stops have enough right-of-way available for minor landscaping. This varies from stop to stop. If there is enough space available, an organization wishing to landscape a stop must submit a landscaping plan and sketch of the proposed project for Capital Metro's approval. Cost for development, installation, and care is the organization's responsibility.
- **Public Art:**  
Capital Metro welcomes creativity and art in transit. Capital Metro will review projects prior to development.

### Who can participate and why would you want to?

- **Who:**  
Community organizations, neighborhoods, churches, businesses, families, groups of friends, or individuals.
- **Why:**  
The Adopt-a-Stop Program is an excellent way to show your civic pride and help keep your community beautiful. Your efforts will help provide a cleaner, safer and more pleasant transit experience.

### What is expected of participants?

By participating in the Capital Metro Adopt-a-Stop Program, you agree to:

- Assist in the removal of debris (at least once a week) between Capital Metro scheduled cleanings.
- Contact Capital Metro to inform us of graffiti or other concerns with your adopted stop.
- Commit to participating in the Adopt-a-Stop Program for one year.
- Additional guidelines apply.

### What role does Capital Metro play in the program?

Capital Metro will place a sign at your adopted stop recognizing your efforts. You can include your name or the name of your business or organization.

### How to get involved:

Contact: Alissa Schram  
(512) 369-7759 or [alissa.schram@capmetro.org](mailto:alissa.schram@capmetro.org)

Or download an application at:
